About Us

LESNA Construction Inc. was founded in 2010, since then, we have successfully completed several projects with the Texas Department of Transportation (TxDOT). Including the replacement of an existing bridge facility on N. Carolina Dr. and several other concrete paving projects throughout the city. We have done our best and demonstrated professionalism, competence and expertise in the construction industry. Our administration and management members play an important role by implementing innovative ideas to help maintain the quality of our work, and at the same time build strong relationships based on trust and reliability.
